As you all know, Jeremy McCain was involved in an accident. This was something that has brought my family great troubles in many forms. He has defeated many odds against him thus far and continues to fight the good fight. If any of you have met Jeremy you would know that he is both mentally and physically strong, he is a warrior. We aren't out of the water yet, but we put our faith in our Lord that he has a plan for Jeremy.

We are so thankful for both the Oklahoma County Sheriff's Office and the Oklahoma Christian School. They have provided us with so much love, comfort, and hospitality. They have moved mountains to ensure we are well taken care of, relieving so much stress during this hard time. Many people have reached out to offer help in many ways. The support from our fellow Oklahomans has shocked us in more ways than one. Oklahoma has always been our home and now we know why. Oklahomans are truly incredible when one of our own is hurting or in need of help.

We have received hand written messages and texts from people explaining how Jeremy is such a great person and how he has had a positive impact in so many lives in the community. Your continued support has brought so much joy and excitement to our family in such a troubling time. It means a lot that Jeremy is loved by so many and has been so influential to the community and in time, will continue to do so. It brings us so much comfort that we have the entire state of Oklahoma backing us through this difficult time.

There were many Bible verses quoted in a lot of the letters we received and one particular verse that was quoted many times.

Isaiah 41:10, which states, "fear not, for I am with you; be not dismayed, for I am your God; I will strengthen you, I will help you, I will uphold you with my righteous right hand."

This verse really stuck out to us and believe it represents Jeremy's situation so well.

There are several people that we are asking to reach out to us through the Oklahoma County Sheriff's Office or the Oklahoma Christian School: We were told that there were 2 off duty medical professionals that reacted quickly and gave my brother a fighting chance by performing life saving care until the ambulance arrived. The first responders on scene that handled the situation the best way possible. We want to meet these heroes and personally thank them for everything they did.

We want to thank the Oklahoma county sheriffs office and the Oklahoma Christian school again for everything they have done and continue to do. We want to thank all the staff at OU Medical for taking and continuing to take such good care of Jeremy. We are so pleased with the care that has been provided and that continues to be provided. These 3 places have truly proven what going above the call of duty means. They have set the standard for professionalism, compassion, and expertise.

We have a long road to recovery and we are asking that everyone please continue to send prayers for the speedy recovery for Jeremy, aka Deputy McCain.

Thank you,  
The McCain Family
